1. OVERVIEW

1.1. Identifier

CPSC1045-Section#-Team#6

1.2. Title

Project: Escape Room

1.3. Purpose

Product Description:

How to play: Click on objects to find clues that will help you escape each room. There are 2 rooms you need to escape from. If you are ever stuck, you can use the hint button, which will give you a general hint. Enter the code in the keypad below the room when you think you know the answer.

For: People who enjoy solving puzzles or mysteries.

2. USING THE PRODUCT

2.1. Special considerations

[Mention anything out of the common, or anything to pay attention to when handling/manipulating the product]

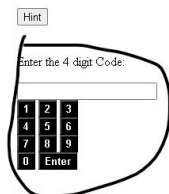

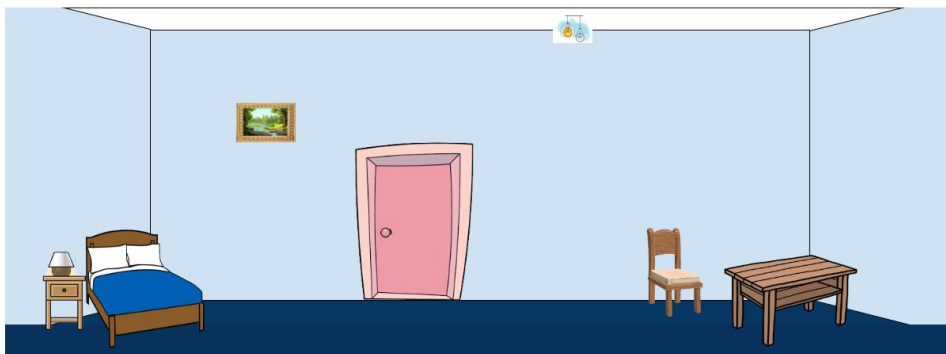

2.2. Instructions for use

[Teach a user how to use your product step by step. This is a user manual, so images might be necessary]

1. Use your mouse to click on objects to see what types of clues they give you.

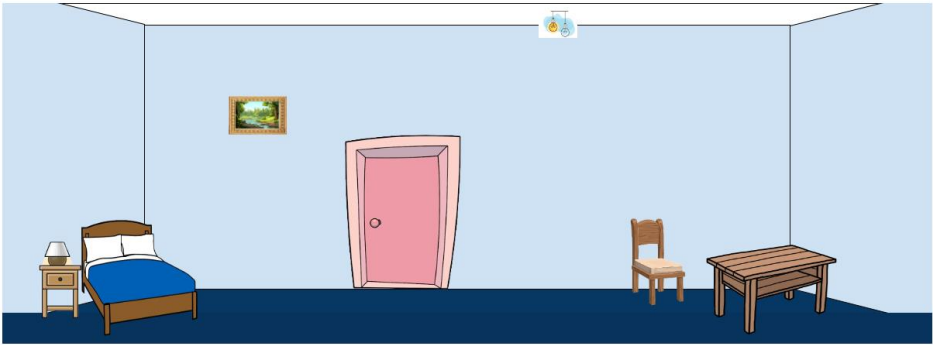

2. Remember the clues and use them to solve the combination lock below.

Project: Escape Room

3. If you're ever stuck, try using the hint button to help you.

Project: Escape Room
